DEADLINE APRIL 30, 2025. Who is going to be in charge of the lottery system and can preference be given to area neighborhoods? Housing rules are also listed on the website.

Project lighting: to high and not directed downward enough. Contractor error?

Landscaping mitigation on the hillside separating the project and the residents above and behind the project. It takes time for this landscaping to grow in so the hau trees should be the first ones in. If not, how long is the landscaping contract good for (timewise). We understand there have been delays but that is not the fault of the community: ie: the falling city wall which has been an issue from the inception of the project.

Tour: March 0, 2025, 4:00 pm, meet at construction trailer on Halewiliko Place, hard hat, safety vest will be issued, covered toe/thick sole shoes and long pants. Three others.
